

Helicopter Flight

A 45-minute flight starting and ending at The Oxfordshire for up to 3 people.

The flight date and time as well as the exact itinerary can be tailored to the winner's requirements after discussion with Mark.

It could be a fantastic opportunity to see some of the local landmarks from a unique viewpoint: Waddesdon Manor, Silverstone, Chequers, your own house ... and not forgetting The Oxfordshire Golf Club.

Or it could be a trip along the Thames by air to see London landmarks including Westminster Palace, The London Eye, The Shard, Battersea and the O2

The choice is yours...

A bit about the aircraft.

The Robinson R44 is a four-seat light helicopter. The R44 has been the world's best-selling general aviation (GA) helicopter every year since 1999. It is one of the most produced GA aircraft of the 21st century. The aircraft is operated by many private individuals, companies and flying clubs. It is also a popular choice for law enforcement agencies throughout the world.

Kindly donated and flown by Mark Hatton
